DETAILED ACTION

Even though the most recent claim listing submitted on 4/28/09 includes claims 27-28, examiner notes that claims 27-28 were cancelled in the claim listing of 6/14/06.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-21, drawn to apparatus.

Group II, claim(s) 22-26, drawn to method.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The special technical feature of the method, steps II-V is not present in the apparatus claims. The method and apparatus thus lack unity since they do not share the same special technical feature.
